

## Introduction

This is the first electronic newsflash from NKS. Such newsflashes will be published whenever the NKS homepage [www.nks.org](http://www.nks.org) has been significantly updated with new reports, information on upcoming seminars and similar events of interest to those engaged in NKS activities. The newsflashes are short, normally without attachments of any kind, and the object is to give links to the NKS homepage where additional information can be found. The material referred to can be downloaded free of charge by the reader.

Just like the newsletters, newsflashes are sent to everyone on the NKS address list, including everyone who has requested information on current NKS events and reports. Anyone not already on this list can be added free of charge by contacting [nks@nks.org](mailto:nks@nks.org).
