Nordic Nuclear Safety Webinar Series (2nd announcement)

**NKS and NSFS together proudly launch a new Nordic Nuclear Safety Webinar Series
Inaugural webinar: October 6, 2026, at 13:00 CEST**

NEW: REGISTRATION NOW OPEN – CLICK HERE: [Registration link](#).

Everyone is welcome to attend!

[NKS](#) and [NSFS](#) (Nordic Society for Radiation Protection) now introduce the first of a new series of joint Nordic webinars focusing on current and future challenges and solutions in nuclear safety, including emergency preparedness.

The inaugural webinar will take place on **October 6, 2026, at 13:00 CEST** (duration 1½-2 h), under the theme **Emergency Response and Information**. This session will feature state-of-the-art Nordic developments presented by two leading experts:

- **Jens Havskov Sørensen** (DMI, Denmark) – Sharing insights into new emergency preparedness research and ideas beyond that.
- **Gísli Jónsson** (IRSA, Iceland) – Exploring tomorrow's training and education practices for emergency first responders.

The event will be hosted by **Henrik Öberg** (IRSA), current Vice President of NSFS. Following the presentations, we will open for a Q&A session with the audience. We plan to video-record the webinar and make the recording available on internet.
